Services every Sunday at 3 p.m.

**BELLEVUE UNITED CHURCH:**  
Services at 7.30 p.m. every Sunday.

**COWLEY UNITED CHURCH:**  
Services alternate Sunday morn-  
ings at 11 o'clock.

Rev. W. H. IRWIN, Minister.

**BELLEVUE BAPTIST CHURCH**  
Pastor: Rev. Fred Bennett

Sunday school 10 a.m.  
Morning worship 11 a.m.  
Evening service 7.30 p.m.  
Midweek meeting:  
Wednesday 7.30 p.m.  
A cordial welcome awaits you.

## HILLCREST HAPPENINGS

Mr. and Mrs. Kybicz, accompa-  
nyed by their daughter Helen, and John  
Forby, were Lethbridge visitors last  
Saturday.

Mrs. Slawick and children, have  
left Hillcrest to take up residence in  
Lethbridge.

Mrs. Thornton, of Calgary, is  
visiting here with her son-in-law and  
daughter, Mr. and Mrs. M. Mackie.

Mrs. Kruppa was a patient for a  
few days last week in the Bellevue  
hospital.

Mrs. W. Walaaka was a Lethbridge  
visitor on Saturday.

Mr. and Mrs. J. Hartford have  
moved into their newly completed  
house. Mr. and Mrs. E. Hartford have  
moved into the house vacated by Mr.  
J. Hartford.

Mrs. J. Hyslop and Douglas were  
Lethbridge visitors on Tuesday.

Mrs. W. Thomas, of the Pincher  
Creek district is visiting at the home  
of her son-in-law and daughter, Mr.  
and Mrs. D. Halton.

A number of Hillcrest women are  
attending the classes in sewing, home  
decorating etc., that are being held in  
Bellevue. These classes are a service  
of the Department of Extension.

## FIRST ASTRONOMER ROYAL

Now that Britain's premier observa-  
tory is to be at Hurstmonceux in Sus-  
sex instead of at Greenwich, it is in-  
teresting to recall that the first As-  
tronomer Royal, John Flamsteed, for  
whose work an observatory was built  
at Greenwich, was born just 300 years  
ago at Denby in Derbyshire.

John Flamsteed was a life-long in-  
valid. As a boy of fourteen he caught  
cold after bathing, and from this de-  
veloped chronic rheumatism which  
prevented him from attending school.  
At home he devoted himself to the  
study of astronomy, although his  
father discouraged him from it and  
wanted him to go into business.

By the time John was twenty he was  
calculating the distance of the Sun  
from the Earth and the positions of  
the planets. But what chiefly gained  
him fame as a young man was his pre-  
diction of what would happen in the  
heavens in 1670: His work attracted  
the notice of learned men and he  
was invited to London to meet Sir  
Isaac Newton and other celebrated  
scientists.

In 1675, the year in which he was  
ordained as a clergyman, Flamsteed was  
appointed by Charles II to be as-  
tronomical "observer" charged:  
"forthwith to apply himself with the  
most exact care and diligence to the  
rectifying the tables of the motions of  
the heavens, and the places of the  
fixed stars, so as to find out the so  
much desired longitude of places, or  
the art of navigation."

Charles wanted his sailors to find  
their way about.

The first Greenwich Observatory, de-  
signed by Sir Christopher Wren, was  
hastily built of bricks from Tilbury  
Fort, and wood, iron, and lead from a  
Tower gatehouse. The cost was met  
from the sale of spoilt gunpowder. In  
this ramshackle building the indom-  
itable invalid, Flamsteed, with his own  
crude instruments, founded modern  
astronomy on a salary of £500 a year.

In the following 13 years he deter-  
mined the positions of 20,000 stars.  
He died in 1719 and was buried in  
the chancel of Burdett Church, Sur-  
rey, of which he had been for thirty-  
five years the rector.

A writer says the wise Mexican  
never tells anybody to what political  
party he belongs. Still, it usually  
comes out at the inquest.

Voice of luscious blonde in darkened  
air-raid shelter:

"Hey, take your hands off my neck!  
No, not you. YOU!!"

## PIONEER RAILROADER DIES AFTER EXPLOSION

Benjamin James Burrell, 81 years,  
pioneer of Lethbridge and one of the  
comparatively few residents of this  
district in 1885, died in an explosion  
from a gas range at Royalties in  
Turner Valley on Saturday. He was  
found dead in his shack by his son,  
James, also of Turner Valley. He had  
suffered severe burns about the face  
and hands.

It is believed the victim came to his  
shack, at the rear of his son's resi-  
dence, Friday night and attempted to  
ignite the gas range. The gas jets im-  
mediately recurred and pliers are needed  
to turn them on. The deceased had  
turned them on full when he put a  
lighted match to them and an explosion  
resulted.

Coroner, Dr. G. R. Johnson, of Cal-  
gary, pronounced Mr. Burrell dead. No  
inquest was held.

The late Mr. Burrell was born in  
Yorkshire, England, and came to south  
Alberta in 1882. He was employed  
first as a fireman and later as an en-  
gineer on the old A.R. and C. railway  
line between Lethbridge and Dunmore  
Junction, near Medicine Hat. Later he  
ran between Lethbridge and Great  
Falls. On the line being taken over by  
the CPR in 1912, he became an em-  
ployee of that line and continued as  
such until his retirement several years  
ago. He moved to Turner Valley area  
in 1932.

In Lethbridge Mr. Burrell married  
Miss Maggie McNulty. She prede-  
ceased him 36 years ago. The deceased  
was a member of North Star Lodge  
No. 4 A.F. and A.M. for many years.  
He was the first candidate initiated  
into that lodge in 1888. He was also  
a member of the Lethbridge Old  
Timers association.

He is survived by three sons, John,  
Ben and James, all of Turner Valley,  
four daughters, Mrs. James Dobbs,  
and Mrs. Edwin Smith, Royalties;  
Mrs. L. Glendenning, Provost, and  
Mrs. Andrew McLaughlin, Coutts,  
Alta., 19 grandchildren and three  
great grandchildren.

The late Mr. Burrell was well known  
in the Pass and resided in Frank, being  
engineer of the "Pusher" between Bur-  
mis and Pincher Station for several  
years immediately prior to his retire-  
ment from over 50 years of railroad-  
ing. At the age of 17 he was time-  
keeper for Herbert Holt during con-  
struction of the CP main line.

Funeral was held at Lethbridge on  
Tuesday, with North Star Lodge in  
charge of last rites of the Masonic  
Order.

## COWLEY HAPPENINGS

The Lord's supper was observed in  
the United church here on Sunday last  
when Rev. Mr. W. H. Irwin, of Bel-  
levue, was in charge.

Miss Margaret Wende is attending  
high school in Pincher Creek for the  
ensuing term.

Mr. and Mrs. Wilfred Forcier were  
visitors to Lethbridge on Saturday.  
Mrs. Helen Swart is visiting at the  
home of her son-in-law and daughter,  
Mr. and Mrs. Norman Horning, at  
DeWinton.

John Nicholas, of Bow Island, is  
visiting his brother-in-law and sister  
Mr. and Mrs. X. C. Kaupp at the  
Cowley hotel.

Mrs. Malcolm McMillan accompanied  
by her summer guest, Mrs. McArthur,  
of Buffalo, New York, is spending a  
week or so at Banff.

Bill Robinson has threshed a field  
of fall wheat that averaged fifty-one  
bushels of grain per acre. Bill operates  
a farm two miles south of Cowley.

A Wende is spending a few weeks  
at Ainsworth Hot Springs, BC, where  
he is recuperating his health.

Nick Papp has purchased the restau-  
rant and general store which has been  
operated by Sam Pong on Front  
street for the past eighteen months.  
Nick intends taking over the business  
at the beginning of the New Year.

For the fourth consecutive week  
farm operations have been held up  
here an account of excessive rainy  
weather. During this time a good bit  
of harvesting has been sandwiched  
in between rains.

## WINS SCHOLARSHIP

Son of Mrs. C. Kelly, of Pincher  
Creek, William Francis Kelly, has  
been awarded the University of  
Alberta Matriculation Scholarship. Bill  
was born at Blairmore 19 years ago  
and attended St. Michael's school,  
Pincher Creek.

These scholarships are awarded on  
the basis of standing obtained in  
Grade XII examinations, and provide  
for three years' fee in any faculty of  
the University. Bill will be taking en-  
gineering and aeronautics—Pincher  
Creek Echo.

"My wife has been nursing a grouch  
all week."

"Been laid up have you?"

"Now Johnny," said the teacher,  
"can you tell me what a hypocrite is?"

"Yes, Miss," replied Johnny. "It's a  
boy what comes to school with a smile  
on his face."

## COSMOPOLITAN HOTEL CHANGES HANDS

A business deal was completed in  
Calgary this week whereby the Cos-  
mopolitan hotel changes hands, Mr.  
W. J. Trenor, of Calgary, having  
bought out Mr. Jas. F. Smith.

Mr. Smith took over the hotel in  
May of 1928 from Mahoney and Jo-  
hanson and has made many improve-  
ments to the property in the eighteen  
and a half years that it has been under  
his management.

Mr. Smith has been in Calgary the  
past few days completing the transfer.

## PUBLIC LIBRARY

Over fifty books will be added to the  
adult section of the Blairmore Public  
Library at the week end. Among the  
newest titles are Ernie Pyle's last  
book, "Last Chapter", "Victoria  
Mews" by Mervyn Sharp, "Scuddo-Ho-  
Scuddo-Hay!", G. A. Chamberlain,  
"We Happy Few", Helen Howe, and  
"Landfall then Departure", Humphrey  
Jordan.

## PASS FIREBOSSSES AND OPERATORS NEGOTIATE

Negotiations for a new agreement  
between the coal operators of the  
Crow's Nest Pass (Pena's to Bellevue)  
and the Western Canada Firebosses  
Association opened at Coleman recent-  
ly when preliminary discussions were  
held.

The meeting adjourned to a later  
date when negotiations will be re-  
sumed. The old agreement between the  
firebosses and the respective com-  
panies expired on September 30.

## COAL PRODUCTION UP

Alberta coal production for August  
amounted to 766,650 tons as compared  
with 672,177 for the corresponding  
period last year. The total output  
from Jan. 1 to Aug 31 of this year  
was 5,555,850 tons, an increase of  
786,268 tons against last year's figure  
of 5,070,582. The bituminous fuel  
during August has yielded 498,048  
tons as compared with last year's ton-  
nage of 466,246 while the sub-bitumi-  
nous fields yield was 268,602 tons  
against 205,931 tons in August 1945.

## THE BRIDGE

An old man trudging a lone highway  
Came in the evening cold and grey,  
To a chasm vast, both deep and wide.  
The old man crossed in the twilight  
dim,

"No swollen stream had no fears for  
him.  
But he stopped when safe on the far-  
ther side,

And built a bridge to span the tide.  
"Old man," said a fellow pilgrim near,  
"You are wasting your strength in  
labor here.

Your journey will end with the clos-  
ing day

You never again will pass this way.  
You've crossed the chasm deep and  
wide

Why build you this bridge at even-  
tide?"

The laborer lifted his old grey head,  
"Good friend in the path I have come,"  
he said

"There followeth after me today,  
A youth whose feet must pass this  
place

And that which my feet did cross  
with ease

To that fair haired youth might a pit-  
fall be

He, too, must cross in the twilight  
dim,

Good friend, I am building this bridge  
for him."

TRY ROPE—Overheard in depart-  
ment store: I want something for my  
husband's neck and I wish it didn't  
have to be a tie or a scarf.

## THREE-QUARTERS OF A MILLION VISITORS TO CANADA'S NATIONAL PARKS

Preliminary returns show that by  
the end of August, well over three-  
quarters of a million visitors had en-  
tered the national parks of Canada  
since the opening of the present tour-  
ist season. This information has been  
disclosed in a statement released by  
the Hon. J. A. Glen, minister of mines  
and resources. During the whole of  
1945 the national parks received  
slightly more than 600,000 visitors.  
In August alone this year approxi-  
mately 261,000 persons entered the  
parks gates compared with 169,000  
during the same month in 1945.

A feature of this year's park at-  
tendance is the greatly increased use  
which has been made of the camp-  
grounds. Many of these camping  
places are equipped with electric lig-  
nars, running water, community build-  
ings, kitchen shelters, and have organized  
recreation and entertainment. Reports  
indicate that in several of the parks  
more than twice the number of camp-  
ers made use of these facilities as  
compared with last year, bringing with  
them their own camping equipment  
or automobile trailers. This helped  
very materially to relieve the pres-  
sure on other tourist accommodation  
in the parks.

Up to the 31st of August this year  
Waterton Lakes Park in Alberta had  
received 126,708 visitors compared  
with 41,585 during the same period  
last year; Kootenay Park in British  
Columbia, 59,682 compared with 29,  
371; Riding Mountain Park in Mani-  
toba, 140,013 compared with 99,500;  
Prince Albert National Park in Sas-  
katchewan 29,371 compared with 17,  
538 during the same period in 1945.

As autumn in the national parks is  
usually a most pleasant and colorful  
season: it is expected that the number  
of visitors will be increased to nearly  
a million by the end of the year, thus  
almost equalling the peak year before  
war interrupted the normal flow of  
tourist traffic in Canada.

## LOW RAILWAY FARES FOR THANKSGIVING DAY

Special reduced railway fares for the  
Thanksgiving day week end has been  
announced by W. L. Taylor, Canadian  
Pacific agent at Blairmore. The low  
fares will be available from Noon on  
Friday, October 11th, to 2 p.m. Mon-  
day, October 14th, and will be good  
to return leaving destination up to  
midnight of Tuesday, October 15th.  
On branch lines where there is no  
train service on October the 11th after  
12:00 noon, tickets will be sold for  
morning trains on that date.

The low rate of single fare and one  
quarter for the round trip will be good  
between all stations in Canada and in  
all classes of accommodation.

## THE AGILE GOAT

Some of the beautiful White Rocky  
Mountain Goats have at last been  
captured and successfully removed to one  
of the American Nature Reserves.

The Rocky Mountain Goat is one of  
the shyest, fleetest, and most agile of  
creatures, so agile that he can keep his  
footing on a mere knife-edge of rock,  
and defy anyone to follow.

These specimens were captured by  
lassing from heights above. When  
thus roped the hunters hauled them  
into crates, and that itself was a two-  
man job. The goats are quite pappy in  
their new home.

He was telling about being invited  
to a nudist party.

He said, "I rang the doorbell and  
out came the nudist butler."

"How did you know it was the but-  
ler?" asked a listener.

"Well, I knew right away it wasn't  
the maid," came the reply.

## MORE APPLES THIS YEAR

Apples were scarce in Canada in the 1945-46 season due to an excep-  
tionally short crop in 1945. This year a bumper crop is expected, says the  
Dominion Department of Agriculture. Trees, heavily weighed down with  
the fruit as the one shown in this picture, are to be seen in many orchards.

## The List That Shows Who and Where

If you are an EATON customer  
there is a stamp of your name and  
address at EATON'S Mail  
Order in Winnipeg. Your stamp,  
with hundreds of thousands  
of others, makes up the mailing  
list. Space is a problem, but the  
hard job is keeping this list up  
to date. It would be easy if peo-  
ple just remained the same; but  
they grow up, marry, die and  
about 7,000 of them move to new  
addresses every month. To keep  
track of all these changes re-  
quires the time of a large staff.  
YOU can help, too, by notifying  
us of any change of address. All  
this work is done so that  
EATON'S customers receive  
EATON'S Catalogue regularly.

4500 SIZE 34-36

ANNE ADAMS

**Wide Size Range**

This is the slip you want... it won't ride, twist or bulge. What's more, slip Pattern 4500 has just three pattern parts... eliminates piecing via side-panels. Panties included... This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4500 comes in sizes 34, 36, 38, 40, 42, 44, 46, 48, 50. Size 36, slip, takes 2 1/2 yds. 39-in.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

**GIANT BEAVER**

TIFFIN, Ont. One of the few rare giant beaver skulls in existence, dating 25,000 to 50,000 years ago when mastodons and giant cloths roamed the United States, is owned by Teidberg College. 2002

**WORLD HAPPENINGS BRIEFLY TOLD**

Three thousand peak, one of the mountains along Labrador's rocky coast, has been named Mount DeLoraine after Dalhousie University in Halifax.

Rumanian life will disappear under a new government decree abolishing titles and ranks as contrary to the spirit of the new democracy, it was learned.

Thirty-three pieces of Roman silver, made between A.D. 300 and 400 and all in excellent condition, were turned up by a plow in a field near Middenhall, Eng.

Buckingham Palace has announced a new Private Secretary to Queen Elizabeth. He is 35-year-old Major Thomas Cockayne Harvey, of Ringstead, near King's Lynn, Norfolk.

The 2-power Paris conference will cost the French government some 200,000,000 francs (about \$2,000,000), it was disclosed in supplementary estimates submitted to the French Assembly.

After 100 years in the family of Rev. John Ouyrl the miniature of Lady Hamilton which Admiral Nelson wore at Trafalgar was sold by auction at Salisbury, England, for £200 (\$800).

A Skymaster plane broke the record for a civil flight across Australia from Perth to Melbourne by 16 minutes. It covered the 1,700 miles in six hours, one minute.

For the first time since 1839, the State Apartments of Windsor Castle, England, have been re-opened to the public. Visitors have again been afforded the opportunity to see the Royal Tower.

**Field Marshal Smuts**

Never Accused Of Having Been Bought With Gold

If ever there was a man in this world who could never be accused of having been bought by British gold—they used to say that in the old days, when the British had gold—it is Field Marshal Jan Smuts, Prime Minister of South Africa. This superlatively educated and experienced old man, who certainly gave Kitchener a merry chase in the Boer War, has come out in the declaration that British imperialism, as such, the extension of the Empire, went out after the Boer war, the war in which he fought the British. Of course, enlightened Canadians have a good idea of all that but, unfortunately, to the South, they still think in different terms.

The evolution has been from colonies to Dominions. It is still going on, as in the case of India today, the approach to self-government. Ireland has it right now in effect. We could have it, even to the extent of staying out of Britain's wars. Quebec wants it, but what is not realized in the neighboring province yet, and it may be in due course, is that while Quebec can stay out of a British war, it can't stay out of a United States war. That lesson was pretty close to home in the last few years and it is hoped that it will never be closer in the days to come.

However, Jan Smuts is a world statesman. He did not mention the name of Henry Wallace who decried British so-called imperialism. But he was near the mark. Prime Minister Smuts has known every move of the successive British governments for 40 years past. He ought to know, if any man does, what they have been driving at—St. Catharines Standard.

**Good Health and Lots of Pep**

Dr. Chase's Kidney-Liver Pills have a long record of dependability as a regular of liver and kidneys and bowels.

They quickly arouse those organs to healthy activity—sharpen the appetite and help to improve digestion. Clean out the poisons with Dr. Chase's Kidney-Liver Pills and regain your pep and happiness. Sells a lot.

**A Serious Business**

**Driver Of Car Should Not Let Anything Take His Attention**

Victoria's chief of police says a cigarette can cause a bad automobile accident.

"If we are to reduce traffic accidents we must stop taking these little chances, which look so insignificant at the time we take them, but can have such tragic consequences," Chief McLellan says.

The chief is right, of course. An automobile driver lighting a cigarette while his car is travelling is taking a chance. He must turn his eyes from the road. In that one split second something disastrous can happen.

The driver of a car has a big responsibility, to himself, to those in his car, to those in every other car on the road.

Automobile driving is serious business. The person in charge of a car must be ever on the alert. Lighting a cigarette, fiddling with a radio dial, lecturing, rubber-necking at signboards and farm houses can have blood-stained results—Time Magazine.

Regent's Park, London, contained 100 varieties of roses in its rose garden prior to the war. The garden contained 21,000 roses.

**Health LEAGUE OF CANADA**

TOPICS OF VITAL INTEREST

**WEST COAST OUTBREAK PROVED VACCINATION STILL A NECESSITY**

From birth to death man is in continuous battle against those elements, which, if permitted to dominate, result in the maiming, marring or killing of himself. Dr. Stewart Murray, Medical Officer of Health of Vancouver, B.C., writes in Health, official publication of the Health League of Canada.

"Smallpox is an example of this never-ending fight," Dr. Murray says. "However, against smallpox there is a very effective weapon—vaccination. Dr. Murray's message is timely in that it was published on the eve of 'National Immunization Week', annual observance aimed at emphasizing the fact that smallpox, diphtheria, whooping cough and scarlet fever are preventable diseases.

"Can smallpox occur here?" Dr. Murray asks. "Yes, since the beginning of recorded time smallpox has occurred. Has the disease threatened us recently? Yes, with our rapid means of transportation an individual could be exposed in India and be at his home in Vancouver or Toronto four days before showing signs and having symptoms of an attack. Just such a situation developed in April, 1946, on the Pacific Coast.

"A man returning from the Orient disembarked at Seattle. He became acutely and critically ill. Smallpox was suspected and later the diagnosis was confirmed. Unfortunately the patient died, but if that were the whole story, while it would have been unfortunate for the man and his family, society would not have been hurt. However, prior to his illness becoming so severe that he required medical care he had had contact with many unprotected, innocent citizens.

"The final picture showed 68 cases and 20 deaths with 41 showing scars resulting from moderate or severe attacks." This showed very definite need for protective action now against smallpox.

Dr. Murray tells how Dr. Edward Jenner in 1788 introduced the weapon which can completely eliminate smallpox. It was on May 4 of that year that he successfully protected a boy by vaccination.

## FACTS ABOUT ALASKA

Alaska is a United States Territory  
586,400 square miles in area. Its popu-  
lation is 72,524, of whom more than  
half are white people and the rest are  
the native Alaskan tribes, Indians,  
Eskimos, and Aleuts.

Chief town and seat of Alaska's  
local government, Juneau, population,  
5,729. The main industries of the  
country are salmon fishing and mining.  
Gold is worked on the Yukon river.  
Furs and timber are also exported.

The United States bought Alaska  
from Russia in 1867 for 7,200,000  
dollars, at one penny an acre.

"Once when I was travelling in  
China I was bound and gagged by  
bandits."

"How thrilling! Were they anything  
like the bandits in a musical comedy?"

"In a way. The guys they used were  
forty to fifty years old."

Mrs. Hiffner: "Daughters need dis-  
cipline at times."

Mrs. Uppalright: "They certainly  
do. My Margery's only sixteen, and  
last night I had to send her to bed  
without any breakfast."

Mistress: "You know, I suspect that  
my husband has a love affair with his  
stenographer."

Maid: "Oh, I don't believe it. You  
are only saying that to make me  
jealous."

If we don't change conditions in the  
world they are going to change us.

The policeman did not study music,  
so he didn't know how many beats  
there was to a bar, but he knew how  
many bars there were to his beat.

## Vegetables for winter use

It's time to arrange for the storage of vegetables from the garden. Before putting in storage see that the vegetables are free from decay, disease, and damage caused by insects or rough handling. Store in a clean, cool ventilated part of the cellar. If the floor is of concrete sprinkle a little water occasionally to maintain the necessary humidity. Beets, carrots, parsnips and turnips keep best in sand.

And then many careless drivers find themselves careless.

Sleep proves you can go eight hours without smoking if you wish.

When you don't feel particularly fond of your wife, see where you have been too fond of yourself.

Those who have decided to give everything need never fear the loss of anything.

When men are governed by sound motives they will set up sound governments.

To change the system without changing people is like changing your shirt without taking a bath.

Life is for most of us a continuous process of getting used to things we hadn't expected.

Overheard on the bus: "She says she has a dog's life... sitting on some one's lap all the time."

What the world is really waiting for is a brake in one's car that will stop the car behind.

"Jones has eleven children."

"Good heavens! He's gone stark mad, hasn't he?"

A real innocent woman is one who believes men chew cloves because cloves taste good.

Some women are temperamental—ninety per cent temper and ten per cent mental.

The nice flavor in those Norwegian sardines from British Columbia is the Italian olive oil from cotton seed.

We know a man so unlucky in love that he declares if he had been Adam, Eve would have remained an old maid.

Men try to convert the world to their way of living so they can continue undisturbed in their way of living.

Automobile designers are planning new models capable of cruising at speeds of over one hundred miles per hour. Grave diggers, get ready!

The reason why a large number of persons are so ill-informed is because they spend so much of the time listening to themselves talk.

## ONE SIDED GAME

A man with a rickety wagon and a still more rickety horse stopped in front of a barroom. As the bartender served up the beer, he said to the man, "That horse of yours doesn't seem to feel very good. Never saw such a wobbly horse."

"Oh, he's all right—just having a run of bad luck," said the man. "I've been pitching a dime each morning to see if I buy some hay for the horse—a beer for me, and that horse has lost for the last ten days straight."

A beautiful mermaid suddenly popped up alongside a destroyer engaged in convoy duty in the Caribbean. More surprising still she had a little baby in her arms. "I just want to know," she said to the stupefied sailor at the rail, "if you have a diver on this boat named Geisel."

Voices over the telephone to schoolmaster:

"Please, Alfred Jones will not be at school because he is in bed sick."

Schoolmaster: "Very good but who is speaking?"

Voices: "My father."

I drink to your health when I'm with you.

I drink to your health when alone.

I drink to your health so goddamned much.

I'm afraid I'm losing my own.

"Waiter, what is the leathery stuff you just served me?"

"Fillet of Sole, Sir!"

"Well would you mind changing it for a nice tender piece of upper with the buttons removed?"

A small and very freckled boy led a team of donkeys past the entrance of Camp Lee, Virginia. A soldier, just leaving on furlough, called out to him:

"Why are you holding on to your brothers so tight, young fella?"

"So they won't join the army," answered the lad promptly.

The collector approached a parishioner and held out the box.

"I never give to missions," whispered the parishioner.

"Then take something out of the box, sir," whispered the collector.

"The money is for the heathen."

Don't horse around with your wife when she sleeps with a colt under her pillow.

## HAVE IT PRINTED

## IT PAYS!

## AUCTION SALE OF TIMBER

CROWNSET - BOW RIVER FOREST RESERVE

Timber Sale No. 427

The right to cut certain timber on the following lands will be offered at public auction at the office of the Forest Superintendent, 128-7th Avenue West, Calgary, Alberta, at 10 o'clock P.M. on Thursday, the twenty-fourth day of October, 1946:

The N.W. 1/4 of Sec. 1: S. 1/4 & N. 1/4 of Sec. 11: W. 1/4 of Sec. 12 and all of Section 13 not included in Timber Berth No. 50, all in Twp. 6, Rge. 1, W. 5th Meridian.

On these lands there is estimated to be two million five hundred thousand feet of fire-killed spruce and pine suitable for the manufacture of mine timber and one million feet board measure of fire-killed spruce and pine suitable for the manufacture of lumber but only such timber shall be cut as is marked or otherwise designated.

The sale will be offered at an upset price on fire-killed mine timber five inches up to but not including nine inches at the butt at one-twentieth of a cent less than the rate of sales as prescribed by the Forest Reserves Regulations for dry mine timber. On all other products sales shall be payable at the rates as prescribed by Forest Reserves Regulations with the exception of sawn lumber of a species other than poplar on which sales shall be payable at the rate of \$1.50 less per thousand feet board measure than the rates prescribed by the Regulations.

Bids will be accepted only from an individual, body corporate, or registered partnership, partners to submit proof of registration at time of bidding, and the purchaser will be allowed until May 1st, 1951, to cut and remove all timber covered by the conditions of sale.

Each bidder will be required to deposit with the office conducting the sale the sum of \$50.00 in cash, bank draft or accepted cheque on any chartered bank in Canada or by certified non-negotiable Transfer Voucher payable to the Provincial Treasurer before being allowed to bid.

Agents will be required to file letters of authorization from their principals before bidding. The deposits of the unsuccessful bidders will be returned to them at the conclusion of the sale and that of the purchaser held as a deposit to guarantee compliance with the terms and conditions of sale.

Full particulars may be obtained from the Forest Superintendent, 128-7th Avenue West, Calgary, Alberta, or the Director of Forestry, Edmonton, Alberta.

T. F. BLEFERN,  
Director of Forestry,  
Department of Lands and Mines,  
Edmonton, Alberta,  
September 26th, 1946.

## Who cares?

The Legion is composed of Canadian-born citizens. It exists to serve ALL Canadians.

The men and women who bore arms in defence of their country made heavy sacrifices, some a limb, some their health, all gave a portion of their lives. One of the Legion's objects is to see to it that those sacrifices are not made unnecessarily great by reason of public indifference in the years of peace.

It has happened before that few have cared. But ... THE LEGION CARES.

YOU NEED THE LEGION!

THE CANADIAN LEGION

THE LEGION NEEDS YOU!

## BLUE RIBBON

"The Quality" COFFEE

PRESENTS 4 BOOKLETS FOR CHILDREN

Printed in four colours and fully illustrated, these booklets are obtainable ONLY with Blue Ribbon Coupons. Send coupons to the value of three pounds for each book; found in Blue Ribbon Tea, Coffee, Baking Powder and Cocoa. Specify book wanted by number: 1, 2, 3 or 4.

## ...All ticked off Mr. Timpkins?

Being in the nature of a reminder of how the Royal Bank can help to make your holiday happy and carefree.

- Make sure your valuables are safely tucked away in your Safe Deposit Box. Or show them in our vaults for safekeeping. The cost is trifling. Ask at any branch.
- Change your reserve cash into Travellers' Cheques... the safe worry-free way to carry travel funds. As good as money anywhere. If you lose them, you're not out a cent.
- Should you run short of cash during your trip call on the nearest Royal Bank branch. The local manager is your direct line of communication back to your own home branch.
- Arrange to have your salary or other income credited to your account in your absence. Clean up unpaid bills with Cheques against your Royal Bank account or mail Royal Bank Money Orders.
- Should you wish to combine business with pleasure you will find the local Royal Bank Manager in any district a mine of information on local business conditions.
- If you are travelling abroad, remember The Royal Bank operates branches in the West Indies, Central and South America, New York, London and Paris... each branch a home-from-home in all financial matters.

United States Tourists are cordially invited to use our branches for cashing Travellers' Cheques, negotiating Letters of Credit or for any banking service.

# The Minister of Finance announces A NEW BOND ISSUE FOR PEACETIME SAVINGS

Canadians are thrifty people. Their record in war financing will stand for many years to come.

Through six years, millions saved and invested in Victory Bonds and War Savings Certificates in a way no one thought possible. Many thousands learned the convenience of regular, systematic saving, whether in small monthly amounts or by larger cash investment. As a result they have accumulated substantial personal reserves with all that means in increased future security and satisfaction.

Because suggestions and requests have come to me from all parts of the country that facilities for this kind of saving be continued in peacetime, the Canada Savings Bond has been created.

The issue of War Savings Certificates and Stamps to the general public will be discontinued on September 30th, and final instalments on the last Victory Bond issue will have been completed in the near future. Canada Savings Bonds, therefore, will provide an opportune means for citizens to carry on their regular savings habits without interruption.

The general public should note that this time there will be fewer salesmen than in the case of Victory Bonds. Although the new Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and trust or loan companies, these agencies will not be able to approach every individual Canadian. This means that for the most part it will be left to Canadians to assume the responsibility for their own purchases of Canada Savings Bonds. If they wish to grasp this opportunity, they should act for themselves without delay.

Canada Savings Bonds are designed to be the finest investment available to the public today. I recommend them to you as a safe, profitable and convenient investment for personal savings.

I now announce the terms of the new Canada Savings Bonds, which will be offered commencing October 15th.

*M. A. Aulley*  
MINISTER OF FINANCE

## ... Features of the new **Canada Savings Bonds**

Interest 2½% by annual coupon. Purchase price 100%. Accrued interest will be charged if payment is made after November 15th. Issued in denominations of \$25, \$100, \$500, and \$1000.

Dated November 1, 1946, maturing in two years. Non-callable by the Government, but redeemable by the owner at any time at full face value plus interest at coupon rate at any branch in Canada of any chartered bank. Non-transferable and non-assignable.

Holdings by any one person limited to \$2000. Registered as to principal, providing protection against loss. Available for cash, on the Monthly Savings Plan or by personal arrangement with a bank.

## A Citizenship Week

FOR MANY YEARS, interested groups throughout Canada have advocated that the public, and especially new citizens, should be made more fully aware of the privileges and responsibilities of citizenship, and that when people from other lands take out naturalization papers, more effort should be made to impress upon them the significance of their new status. With the coming into effect of Canada's new Citizenship Act, on the first of next January, a new procedure is to be followed in connection with the formal swearing of citizenship, and it will no doubt be regarded with great interest in all parts of the Dominion. At that time, a nation-wide Citizenship Week is to be observed from January 6 to 11, and during that week many who have fulfilled the necessary qualifications will receive their new status.

### A Pattern For Such Occasions

A special committee is now arranging for the observance of Citizenship Week and it is expected that there will be regional as well as national programs designed to impress both old and new citizens with the meaning and value of this important step. One feature of the observance will be a large and colorful ceremony at the Parliament Buildings at Ottawa, when a group of persons representing all parts of Canada, who have completed the necessary qualifications will become citizens of Canada. Similar gatherings will take place in other parts of the country, and it is expected that the procedure to be followed, which may include speeches by government officials and other dignitaries, appropriate music, and the presence of relatives and friends of the new citizens, will set a pattern for future ceremonies of this kind.

### People Tend To Forget Duties

All Canadians, whether they are such by birth or by naturalization, would do well to give more thought to the meaning of citizenship. In contrast to the intense nationalism and the almost complete submergence of the individual to the state, which we have seen in so many countries in our time, the lack of interference here in political and religious beliefs and other matters essential to the freedom of the individual, tends in many cases to cause people to forget the duties of citizenship. It is apparent that there is no security in the world today, and that if we are to keep the things we value, we must take care to preserve them. Canada remains one of the few places in the world not torn by war, famine, and bitter political strife, and what has happened in other countries could happen here. "Citizenship Week" will no doubt arouse much interest, but Canadians would do well to carry this interest into all their activities in every week of the year.

## GIRL GUIDES

### Commissioner Speaks Of Opportunities For Youth In Canada

CAUX, Switzerland. — Mrs. Gordon Conant, Girl Guide commissioner for Ontario, was one of the chief speakers at the weekend sessions of the European Assembly for Moral Re-armament at Caux, Switzerland. Mrs. Conant, who is attending the assembly on her way to the world conference of Girl Guide Associations, spoke of the opportunities before Canadian youth.

"Canada is a great country," she said, "but she has become the battleground and tool of wrong forces. The time is urgent and youth is our strongest asset. I have dedicated my life to the youth of my country. I have dedicated it now in a different way. I go on to the world conference of Girl Guide Associations not only with a desire to help but with a passion for the ideology of Moral Re-armament."

Mrs. Conant pointed out how certain countries were trying to do away with the Scout and Guide movements. "The first law they want to eliminate," she said, "was I promise to do my duty to God and country. They want to substitute," she continued, "A Guide is noble for 'A Guide is pure in thought, word and deed'."

Other speakers at the assembly, which has representative delegations from Canada, the United States, Europe and the Far East, included George Simmons, British Labor M.P. and commissioner of the treasury, and Pierre Cartier, president of the Federation of French Insurance Companies and former member of the Allied Control Commission in Germany.

### The Admiral's Suite

#### Will Be Used By Royal Family On South African Trip

The Queen is choosing the furnishings and decorations for the Royal Suite in H.M.S. Vanguard, which will take their Majesties to South Africa early next year. The Royal apartments will be those designed for an Admiral and his staff. They are situated in the after part of the superstructure, afford a view to port and starboard, and give direct access to the magnificent promenade of the quarter-deck. A small private suite on the roof of their apartment. Her Majesty has chosen cream walls and light-colored carpets. Plate and cutlery and some furniture from the Royal Yacht Victoria and Albert will be used. The Vanguard is Britain's biggest and fastest battleship. Amenities for the crew include a cinema, a soda fountain and a cafeteria.

### NAME IS CHANGED

The name of the Red army has been changed to Soviet army, and the Red navy to Soviet navy, the Russian military administration announced. The Russian army has been officially known as the Red army since Lenin raised forces to defend the Soviet regime in the civil war following the Bolshevik revolution of October, 1917.

Potatoes were not known in North America until after the middle of the 16th century, when they were brought to Virginia from Peru.

**Freedom Of The Seas**

Is A Mutual Interest Between Canada And United States

VICTORIA.—For many years, the mutual interests between Canada and the United States has been the sea and the two countries' whole existence demands maintenance of freedom of the seas. Vice-Admiral A. W. Fitch, U.S.N., commanding officer of the U.S. Naval College at Annapolis, told members of the United States Institution of Vancouver Island, at a luncheon meeting here.

### Custom Explained

#### Chief Scout Tells Why Left Handshake Always Used

Many, who do not belong to the Scouts' organization, wonder why their handshakes are always with the left hand. To most Scouts, Cubs, Girl Guides and Brownies it was always understood that it was because the left hand was closest to the heart.

However, Lord Rowallan gave the true explanation, one which was first known many years after it was first instituted. According to Lord Rowallan it was during a visit to Africa that Lord Baden Powell, former Chief Scout of the British Empire, met a chief of the Ashanti tribe. On stepping forward to greet the African chief, Lord Baden Powell extended his right hand but the Ashanti chief extended his left, explaining as he did that "the bravest of the brave shake hands with their left hand as in order to do so they must throw away their greatest protection, their shields."

### MILAN FAIR

MILAN, Italy.—For the first time since 1942, Milan's international fair, reconstructed on a bomber site, was opened to the public recently. The only British exhibit was a display in the chemical section by a Manchester oil refinery company.

Some newspaper presses are capable of producing 300,000 copies an hour.

### Gift Parcels

#### British Housewives Find The Food Situation More Difficult

LONDON.—Canadian packing gift parcels for the United Kingdom for Christmas or any other time might remember the British people like to be clean as well as full.

Some soap would be a welcome addition to the food parcels. British officials said the parcels must not exceed 11 pounds, of which only seven can be food and not more than two pounds of any one food. The other four pounds could include necessities like soap and clothing.

Not more than one parcel monthly is allowed and it must be unsolicited. These regulations are set forth by the Board of Trade which demands import permits for almost everything brought into the United Kingdom apart from gift parcels.

Customs officials said both new and used clothing sent in gift parcels are dutiable. Thus while the trade board has no objection to clothing being part of the parcel the recipient may have to pay duty. Although many may have received clothing in parcels and not been charged duty, it does not necessarily mean they will escape in the future.

Officials said the flood of parcels from the Dominions continues although there have been recent protests that the parcels have not been received. If regulations are contravened the department has power to impound the parcels but one source said that of the millions received in the first five months of 1946 only 125 were stopped in that manner.

Officials said it is deplored that many parcels had been lost in transit as lengthy delays still occurred in shipments and some who protested that parcels were stolen or had strayed received them later.

British housewives find the food situation more difficult than during the war with bread rationed and reductions in several categories. They find it difficult to make food tasty and orange or lemon peel would help with Christmas cakes. Nuts would be welcome and dried pears, apples or apricots. Some raisins and currents are available here but Canadian chocolate bars, soups, puddings, canned meat and the like remain most acceptable.

### R.C.M.P. History

#### Commissioner Mead Is An Authority On Story Of Famous Force

In nearly half a century with the Mounties Deputy Commissioner Mead figured in enough excitement to fill a dozen adventure magazines. He became such an authority on the history and lore of Canada's famous police force that when Morris Longstreth and Henry Vernon were writing "Murder at Belly Butte," a thriller dedicated to Col. Cortland Starnes, then head of the R.C.M.P., he was commissioned as secretary to the authors.

He conducted the two writers through the Northwest Territories, where he had served as a constable, and later aided in developing several other stories based on R.C.M.P. records.

Now he has laid aside his tunic for the last time and has leisure for his memories, his friends and his memoirs. He helped to bring law into the Canadian wilderness and he has earned his rest—Vancouver Province.

### SMILE AWHILE

"Why have you got 'Push' printed on that door when it opens outward?"

"That's so people will be sure to pull it."

"What's happened, George?"

"Puncture."

"You should have looked out for it. The guide book says that there is a fork in the road just about here."

"Come, come, Joan, surely you know if the world is round or square? ... Mary, tell her."

"It's crooked, teacher," said Mary, darily.

"Did you cancel all my engagements, as I told you, Smithers?"

"Yes, sir, but Lady Millicent didn't take it very well. She said you were to marry her next Monday."

Binks: "I'm the happiest man in the world. I have the best wife in the country."

Banks: "Well, who wouldn't be happy with his wife in the country?"

Professor: "What is the most potent poison?"

Student: "An airplane, one drop and you're dead!"

Judge—Driving a car at 80 miles an hour is a criminal offence!

Speeder—"I can't help it, Judge. I do everything fast."

Judge—Thirty days in jail. See if you can do that in less than a month!

Two little boys were talking over the wonders of nature.

First—"Aren't ants funny things. They just work and work all the time and never play?"

Second—"I don't know. Every time you go on a picnic, they are there."

"Tell me, please, how I should go about getting a start in the great game of business?"

"Sell your wrist watch, and buy an alarm clock."

**"Ah-h-h! I Can Breathe Again!"**

If your nose runs, times fill up with stuffy, frustrated congestion—and a few drops of Vapo-Rol in each nostril. It quickly reduces congestion and makes breathing easier in a hurry... gives grand relief from stuffy, sneezy, stuffy distress of head colds, follows colds, and sinusitis.

**VICKS VAPO-ROL**

### GEMS OF THOUGHT

#### ACHIEVEMENT

It is the old lesson—a worthy purpose, patient energy for its accomplishment, a resoluteness undaunted by difficulties, and then success—Fulfillment.

No wind makes for him that hath no intended port to sail into.—Montaigne.

The devotion of thought to an honest achievement makes the achievement possible.—Mary Baker Eddy.

If you wish success in life, make perseverance your bosom friend, experience your wise counsellor, caution your eldly brother, and hope your guardian genius.—Addison.

A purpose underlies character, culture, position, attainment of every sort.—Munger.

Nothing is achieved before it be thoroughly attempted.—Sir Philip Sidney.

#### THE EXPLANATION

If you cry over onions, you're lucky. People who can't produce tears really suffer because their eyes smart. Onions give off something to the air exciting the ends of the nerves of smell in the nose and also the ends of the nerves of touch in the eyeball and eyelids. These messages the brain to tell the tear glands to make tears quickly. Result: Our eyes water.

Diamond dust saved from cutting is used for fine polishing.

## Here's really effective gentle relief from CONSTIPATION!

Get glorious relief from sluggishness the proved Phillips' Milk of Magnesia way. So effective. So gentle. Just take 2 to 4 tablespoonfuls with water. You'll be thrilled with the way it helps you start each day keenly alive and refreshed.

What's more, Phillips' Milk of Magnesia is one of the fastest neutralizers of excess stomach acidity known to science. Its double-action means relief from constipation and relief from acid indigestion. Remember...

It costs as little as 25¢ TO BE SURE OF THE BEST

**Brick Tasting LIPTON'S TEA**

"Just mention the word 'brick' when you ask me to tea. That's my guarantee and yours of real, satisfying tea pleasure."

Lipton's Tea has brick flavour. That's what the experts say. That's what you will say the moment you taste this grand full-bodied tea. Lipton's Tea has that brick flavour, always so fresh and spirited that every cup rates an encore. Change today to brick tasting Lipton's Tea.

## New Variety Of Oats Bears All Types Of Rust

OTTAWA.—Canada's agricultural scientists have come through with another victory over nature.

This time it's a new man-made variety of oats, so new that it hasn't yet been given a name. Its peculiar feature is that it is able to resist all the strains of stem and crown rust that appear in Canada and which in some sections forced farmers to abandon oat production and turn to other cereals.

The strain also will resist loose and covered smut which has made its appearance in some oat-growing areas.

The product of 14 years of checking and cross-breeding, the new variety has been developed by plant breeders and pathologists at the Dominion rust research laboratory at Winnipeg.

Officials said it was hoped that by next spring some 1,500 bushels of the new seed may be available for distribution to selected seed growers to increase production of seed to the point where there will be enough for all who want it.

This is not the first oat variety that is resistant to rust, a disease which rust-colored spots develop on the stem, leaf or crown of the grain and retard its maturity. But it is the first strain that is resistant to all the various types of rust.

Work on the new variety was started in 1932 when some seed of a South American variety of oats known as Victoria was obtained from the United States department of agriculture and was crossed with a sister strain of Vanguard, a variety resistant to certain stem rust and now widely-grown across Canada.

### URGES A CHANGE

Anthony Eden Thinks New Approach To Russia Is Necessary

LONDON.—Anthony Eden, war-time foreign minister in Winston Churchill's coalition government, in a speech urged adoption of a "new approach" to Russia by Britain and the United States because the present relationship "contain an imminent threat of war."

Mr. Eden told an audience at suburban Watford that only "a new spirit and a new approach" can "avoid fatal consequences."

He echoed Mr. Churchill's call for a United States of Europe and said "there is no reason why the two ideologies" of communism and capitalism "should not live together in peace if both will . . . not back their fancies in every other hand."

"Restraint may be difficult to practice, but surely this is not too much to ask as the price for enduring peace."

In his discussion of relations with Russia, Mr. Eden declined to outline a method for a "new approach," suggesting instead that "it is for the governments to judge how such a new approach could be undertaken." He said "too often suspicions, however groundless at the start, harden into facts."

"A positive effort to dissipate these suspicions is required from the great powers. They cannot be content with the day-to-day wrangles of the Paris peace conference and the security council."

### GETTING MORE FOOD

BERLIN.—Deputy military governors for the United States and British occupation zones announced today that the daily food ration for normal consumers in the two zones would be increased to 1,500 calories, effective Oct. 14. It will mean an increase of 400 calories daily in the British zone and 250 to 300 in the American zone.

FORRESEE OIL ACTIVITY IN NORTH

Hon. W. A. Fallow, Minister of Public Works, has a vision of a huge new oil industry at Bitumont, 30 miles down river from Ft. McMurray. He says that if a report his department is preparing on the famed tar sands shows oil can be separated profitably, a separating plant in the north and a pipe line to Edmonton will be built by private interests.

## Alberta Wheat Crop Largest In Four Years

EDMONTON.—Alberta's wheat crop this year is estimated at 142,000,000 bushels, which is the largest yield since 1942, according to figures issued by the provincial department of agriculture.

"In spite of smaller acreages of oats and barley in Alberta this year, the amount of grain harvested will be considerably larger than in 1945," says the report.

The first estimate of the Dominion bureau of statistics indicates a total of 110,000,000 bushels of oats and 53,000,000 bushels of barley this year, compared with 78,000,000 bushels of oats and 37,000,000 bushels of barley in 1945. Acreages of oats and barley were reduced this year by 11 per cent, and seven per cent, respectively. The production of spring rye has more than doubled compared with last year and flax seed shows an increase in production in spite of fewer acres seeded.

R. M. Putnam, assistant deputy minister of agriculture said there would be no particular wheat damage from frost as practically all this grain has been cut.

He said there were some local shortages of farm labor, particularly in Stettler district but generally the situation is satisfactory. There are about 1,400 eastern farm laborers working in Alberta harvest fields.

### HIGHER PRICE

Saskatchewan Timber Board Has Announced New Ceiling On Pulpwood

PRINCE ALBERT.—A new ceiling of \$9.50 per cord for rough pulpwood has been announced by the Saskatchewan timber board. The price previously was \$8. The announcement said the new price had been negotiated with the federal timber controller.

The price of peeled pulpwood is advanced from \$11 to \$13. The timber board estimated the amount of pulpwood which will be marketed in the province next season at between 30,000 to 40,000 cords.

### MAY USE PALACE

COPENHAGEN.—A palace built nearly 200 years ago for the Danish statesman Count Bernstorff will become European headquarters of the United Nations Food and Agriculture organization if an invitation from the Danish government is accepted.

### MORE SAFEGUARDS

Countries Seek To Better Safety Standards For Long Distance Flights

WASHINGTON.—The trans-Atlantic airliner crash near Gander, Nfld., has focused new attention on efforts being made by most aviation-minded countries to raise safety standards for long distance flights.

Among factors under study, most and possibly all involved in the Newfoundland crash, are these:

1. Standardization of radio and other aids to navigation.
2. Reduction of fire hazards in flight and after rough landings.
3. Greater protection for passengers in event of crashes.
4. Ways of establishing adequate facilities for finding and rescuing accident victims.

Information available in advance of reports by official investigators indicates the pilot, because of unsatisfactory weather conditions at Gander, apparently decided to go on to one of the alternate fields on route.

It is possible confusion then arose as to what radio beam was being followed. This is reported to have occurred recently on another plane which, however, was given a radio warning in time to correct the error. It is possible also that there was a misinterpretation of altitude figures, since most European countries use the metric rather than the English system of measurement.

### STOP SHIPMENTS

Canadian Wheat Board Issues New Ruling Governing Barley

WINNIPEG.—The Canadian wheat board announced that effective immediately no shipments of barley may be made to Port William-Port Arthur from any shipping point west of these ports. Shipment of damp barley is exempt.

It was also announced that shipment of oats from each western elevator to any destination would be permitted in the ratio of one car of oats after every three cars of wheat had been shipped.

### DANGEROUS TROPHY

MODESTO, Calif.—Dorothy Bowerman, 14, looked about for something to hammer with when an arm became loose on a chair. She chose a one-pound army shell, kept for more than two years as a war trophy. The shell exploded, blowing off one of her hands. Part of the charge entered her body. She died in hospital.

FORMER U.S. VICE-PRESIDENT, HENRY WALLACE flung a bombshell in the diplomatic world when he made public his letter to President Truman urging guarantees to Russia.

### MAY END SOON

Conclusion Of Bread Rationing In Britain Is Seen

LONDON.—First shipments of 1946 Canadian wheat are expected in the United Kingdom and there is rising speculation that bread rationing, imposed in July, will be ended in a few weeks.

Bakers are considering a voluntary flour rationing scheme at the invitation of the food ministry. Spokesmen said they could say nothing when rationing would end but recalled that Food Minister John Strachey said it would end at the soonest possible moment.

Rationing was imposed to meet the temporary shortage situation pending the wheat harvest. The fuss about rationing has subsided after angry disputes over the adequacy of nine ounces daily as the basic ration; the difficulty of collecting ration points, and protests from bakers that the scheme was unworkable.

Most housewives find the ration sufficient and have been able to turn in some bread ration points in exchange for points on other foods.

Critics of Mr. Strachey still say the costly rationing scheme was unnecessary as the gap between visible supply and early harvests was small. The minister is expected to reply that the recent disaster to Britain's wheat crop on which he depended until Canadian wheat became available in bulk, associated with United States labor difficulties which hampered food shipments, proved how essential it was to have control over wheat and flour use and to see that available supplies were fairly distributed.

### USING NEW IDEA

South African Park Officials Will Not Tolerate Trespassing

JOHANNESBURG.—Trespassing motorists who choose to ignore the signs telling them to stay out of the Dongola botanical reserve in northern Transvaal are likely to regret their decision.

The intruders, most of them would-be game poachers, have an excellent chance of winding up in the middle of the park with a set of flat tires. Roads in the park are skillfully "mined" with bent nails and other sharp-pointed obstacles, laid flush with the road and almost completely invisible to motorists, who may continue for several miles into the park before the "mines" take effect.

ELECTION WAS SURPRISE

Election of Real Couette, 29-year-old garage manager, running as the Quebec version of the Social Credit ticket in the Pontiac by-election, is looked on by both old-line parties as a major political upset. Liberal loss of the seat drops government support in the House to 123 out of 245 members.

Critics of Mr. Couette still say the costly rationing scheme was unnecessary as the gap between visible supply and early harvests was small.

The minister is expected to reply that the recent disaster to Britain's wheat crop on which he depended until Canadian wheat became available in bulk, associated with United States labor difficulties which hampered food shipments, proved how essential it was to have control over wheat and flour use and to see that available supplies were fairly distributed.

The exhibition, took more than a year to prepare and of the goods shown 36 per cent, are reported by their makers as available now for the home market though not in quantities adequate to meet the demand. More than 40 per cent, of the goods on show are available for export and by the end of the year manufacturers will be able to take export orders for 62 per cent, of the exhibits.

### RUSSIA LEADING

Is Ahead In Race With Canada For Tankium Production

TORONTO.—Dr. Daniel Gardner, rare metals scientist of New York, said Russia is leading Canada in a vital race for production of tankium, immensely valuable in fields of jet-propulsion and surgery, but predicted in a few years Canada would lead the world in its production.

Dr. Gardner said Canada and Russia are the only two nations capable of producing large amounts of the metal, which will soon be produced at a \$600,000 plant of the Mining and Refining Corporation of America at Edmonton.

### NO MORE PRIVILEGES

OTTAWA.—Defence headquarters announced today that wartime railway fare privileges for servicemen end Sept. 30. The concessions, granted early in the war, meant a considerable saving to the troops who could travel any distance for a nominal cost of no more than \$15.

## U.S. And Britain Are Staying On Job In Europe

LAKE SUCCESS, N.Y.—United Kingdom and United States delegates to the United Nations economic and social council told Russian delegates that both their countries were in the European rehabilitation picture to stay.

They reminded Russian critics of what had been done by the two major powers to save and to rehabilitate Europe and warned that they were not going to let all that effort go to waste and permit European countries to sink into a morass of inflation and economic chaos.

The spokesmen were Philip Noel-Baker, British delegate and minister of state, and John Winant, permanent United States member of the council.

They were answering bitter criticism from three Soviet delegates of the 450-page draft constitution of an economic commission to co-ordinate rehabilitation efforts in the war devastated areas of Europe.

Nikolai Feonov, Russian delegate, said the report had overlooked the realities of the European problem and should be redrafted. He said it dealt with economic practices and advice but did not promise "immediate relief and immediate help."

But the Soviet delegate was particularly bitter over the apparent treating of Europe as an economic unit. "I do not believe Europe is an economic unit and if it is, it is the United States brought into it."

Mr. Feonov implied that the United States was on the proposed commission to take care of its own economic welfare, and brought a sharp retort from Mr. Winant.

"I want to remind the Soviet delegate that the United States is part of the occupying force in Germany and Austria and is on the Allied control council," he said. "What is done by that council is important to the economy of Europe."

Mr. Noel-Baker said the economic commission would in a measure replace UNRRA, which goes out of existence next year and which had spent nearly \$4,000,000,000 to aid war victims of Europe. Two thirds of that money came from the United States and Britain was second largest contributor.

### NEEDS MORE WHEAT

Fall Rains Have Destroyed Large Quantity In Ireland

DUBLIN.—Ireland will seek 350,000 tons of wheat from Canada and the United States this year, compared to her normal imports of 150,000 tons, informed sources said.

A serious wheat situation has arisen from abnormal fall rains which may have destroyed one quarter of the country's grain crop.

Sean Lemass, minister of industry and commerce, has organized a bread-rationing plan and 3,000,000 rationing books are ready for printing at short notice, it was learned. Bread rationing would mean a reduction in Ireland's food export to Britain because diet alternatives would have to be supplied.

### PLENTY OF COLOR

NEW YORK.—The Hudson and Manhattan railroad like June, is "bustle out all over" in color. The first four cars to be finished in a repainting program were scheduled to go into service with pink floors, white ceilings and two-tone aquamarine walls.

### SMUGGLERS CAUGHT

HERFORD, Germany.—An international smuggling gang operating on a large scale over Dutch, Belgian, Danish and German frontiers has been smashed by the combined frontier control services and a number of arrests made.

PALESTINE VISITOR REPORTS TO ONTARIO ZIONISTS—Recently returned from Palestine, Mendel Fisher, left, executive of the Jewish National Fund of America, chats with Max Grafstein, editor of the Jewish Observer, in London, Ont., where Ontario Zionists heard him discuss Holy Land problems.

TWENTY-ONE LIVES LOST IN LANDING CRASH—A Dakota transport plane such as this took 21 R.C.A.F. men to their deaths when it crashed recently during an attempted landing at Estevan, Sask., and burst into flames.

## Local and General Items

There is no real leadership in those who would rather lead than serve.

Mr. C. J. Tompkins, of Calgary, in town for a few days.

Mrs. J. McKelvey has returned home from the General hospital, Calgary.

Safety is a gift that costs you nothing, but it is tremendously expensive to forget.

You wonder what's going to become of the human race. Then a baby is born and you have your answer.

Insurance statistics show that women live longer than men, again proving that paint is a good preserver.

Mrs. N. A. Robertson spent several days in Calgary visiting her son Gerald, who has a position with Keper Aviation Co.

Mrs. T. Mudiman left for Lethbridge on Thursday, to attend the southern Alberta writers' conference which is being held on Friday afternoon and evening.

Among nurses graduating from Galt hospital in Lethbridge, with the ceremony in Southminster church, Wednesday evening, was Miss Jean Paton, of Bellevue.

"World Communion Sunday," was observed at the United church on Sunday evening next. It is hoped that all members will be present at this important service.

Mr. McKelvey will give his impressions of the recent General Council held in Montreal.

The Tie That Blinds  
"Isn't it just too bad about Elmer and Eleanor?"

"What do you mean?"  
"Oh, they always got along so well together until marriage came between them."—Pathfinder.

Mistress: "What do you think of the electric stove and the electric cooker?"

New Maid: "They're really wonderful, m'am. They've neither one gone out since I came here three weeks ago."

He decided to accept a theatrical engagement in one of those family neighborhood houses. As he stepped to the footlights, he noticed sitting in the first row, a mother holding a baby. In the middle of his act, very humanly she decided to nurse the child.

The infant didn't seem interested at the moment—to which the mother sternly said, "Take it, or I'll give it to the actor."

A couple of fun loving sailors who had tossed in a few too many, were returning to their base one night, and lost their way. One hiccupped: "Hey Joe, we must be in a cemetery. There's a gravestone."

"In-hic-deed," said Joe. "Who is the guy?"

Joe struck a match and said, "Lesh see, he seems to have lived to a ripe ol' age—149."

"Yeah, but whassiz name?" insisted the other gob. Joe lit another match. "Some guy called 'Miles from Los Angeles'."

The Office of War Information sent one of its agents to Scotland on a secret mission. In pursuit of his duties, the agent found himself lost one day in a lonely bit of country. He was mighty pleased when a Killed Highlander finally gave him a view. "I have never been gladder to see a man," cried the American. "I seem to be lost."

"What reward are they offerin' for ye," inquired the dour Scotchman.

"None that I know of," replied the puzzled American.

"Weel," remarked the Highlander, as he continued on his way, "Ye're still lost."

Don't fit in—fight on.

Mr. and Mrs. W. H. Chappell visited Lethbridge during the week.

"A good bridge player must be able to take it on the shin."—Ely Culbertson.

FOR ELECTROLUX CLEANER, sales and service, phone 4481, Lethbridge; 1264 3rd Ave. South.

Mrs. Albert Chappell and daughter Connie, left Lethbridge Thursday evening by plane for Vancouver.

Rev. J. McKelvey returned to his home during the week from Montreal where he was attending a meeting of the United church general council.

Mr. and Mrs. R. C. Ward, of Kingston, Ontario, are the guests at the home of Mr. and Mrs. S. G. Bannan. Mrs. Ward is sister of Mrs. McDougall.

The Ladies Aid of the Blairmore United church will hold their ANNUAL FALL TEA and Sale of Home Cooking in the Auditorium on Saturday, Nov. 2nd, 3 to 5.30. Tea 25c. Come and bring your friends.

### PUBLIC NOTICE

APPLICATION FOR BEER LICENSE

PUBLIC NOTICE is hereby given that the undersigned intends to apply to the Alberta Liquor Control Board for a License to sell Beer by the glass or open bottle for consumption on the premises and to sell Beer by the unopened bottle for consumption elsewhere than upon the licensed premises in conformity with the provisions of the Government Liquor Control Act of Alberta and the regulations made thereunder with respect to the following premises:

Beer saleroom situated in the southeast corner of the ground floor of the Cosmopolitan Hotel, located on Lot one, two and nineteen (1, 2 and 19) in Block four (4) Plan Blairmore 3319-1 in the Town of Blairmore, as shown on plans filed with the Alberta Liquor Control Board.

Cosmopolitan Hotel, Blairmore, Alberta.
